

1.1.159
a Lesson in the University of The New Covenant
Theodore Cottingham, December 26, 2003
www.unc.bz

1. Intimacy, intimacy, intimacy is your message; your message is Me, Me, Me and My body—one, one, one. I love you and I love My body, My body, My handiwork, My creation, My loved ones so beloved. I am, I am provision. I am the I am. I am and I am loving My body in ways not before noticed, not before seen, not before grasped or latched onto, with them not crediting Me for Me being who I am with them.
2. But Ted, all this is changing. So much change. So much change. So much cataclysmic change. Cataclysmic denotes major, significant, extensive, and mostly irreversible change, change where there is no going back. Change of immense proportions are coming and coming now, soon, now, upon us, upon you, upon all.
3. Now grow and grow and shirk not the responsibility you have that I have given you. You have chosen well and now I choose you to accelerate and shrink not back into reclusiveness of any level. You are on the forefront now, and always will be. You lead, you lead, you lead. Worry not about administrative details and little people who want to control.
4. I am in control and you are Mine, Mine, Mine, to go forth freedomizing My people clad in tunics and turbans and things, places and nuances supreme, that you know nothing of.
5. You wonder, wonder and ponder how so many of these things will be true. I am Me and I am not limited to time, space, much less mammon or the things which delay you and your maturity in Me.
6. I come, I call, I crown, and now is the time to crown every freedomizer who will freedom bestow on all those influence-able, free-able, who will but listen and feel My love, My touch, My power.
7. Come, call more, teach My intimate ways and share in intimacy about our intimacy and how you address me, how you touch Me, how I touch you, and how we feel about each other. Oh Ted, all these things are given to you. Bow not to mammon or any other power or coalition to destroy you who look like angels of light, which Trojan horses are.
8. Purity, peace, promise, promised by Me, to you and all who will embrace Me in the new things I am doing.
9. Receivers and rejecters unite not, but cause untold damage in the conflict that arises from those passing out freedom and those trying to restrict it. Damage, damage Ted, damage to the traditions of constrictors and controllers and hierarchies of hierarchy.

10. Your quest for freedom has led you here. Breed freedom now in every place you walk, that will listen, that will kneel and surrender their control at My feet so I can make them free, and do so much more for them then they could have ever done using the tools of the destroyer.
11. Power displayed, power displayed, power displayed in you and Amy and all who will come and surrender, surrender daily, surrender, surrender, surrender, to be arisen, confidenced and significanced.
12. Spirit of insecurity—be nil, nil, annihilated by My Cross and My love, My love displayed throughout My body to My body, in power, power, power.
13. A raised man you are, arisen, arising to arise My bloody troops who have bled for so long in utter dominion by others, when freedom is so near. Pierce the veil Ted, pierce it, pierce it, pierce it more. You're on to it and so much more, pierce it and keep piercing it with your tenacity, your time with Me, your focus, and your purity.
14. Cringe not as I speak to directly to you, personally of things you tend to think people will not appreciate Me displaying before them, before them, publicly before them, before they happen. I am a prophet and prophet-ize all My people who will let Me. Many levels Ted, many vocations, many variations and nuances—and Ted, not at all like you think, have thought, but more like you think now, and ever more increasingly revealed will be—**will My prophet-izable operate in the office of prophet regardless of what they do, because My gifts operate according to what they are, not what they do. My gifts operate according to what they've become in My presence, not what they do for a thought-living. My gifts come out of their spirit, because My gifts are spirit. Spirit knows no bounds of what it comes through.** That's why so many without Me, without much of Me, come out with such giftings.
15. Mess with your thinking I do and others and will so much more so, to provoke you to pursue Me more and ask Me more detailed questions so that I can display detailed answers to your detailed questions, about what I have spoken of and so much more.
16. Preach teach Joel 2 and Isaiah 61, and **revel in My New and Living Covenant, displayed for all to embrace**, more, more, more and more, until the full display of My glory revealed, and then Ted, so many, so lost, but so many more found, redeemed, glorified, and living in Me.
17. I love you. Much change in 2004, for you, for your country, for your family. All is accelerated and accelerating, accelerating for the acceleratable-non-stuck, those who have decided to move ahead in Me.
18. Tell Mike [Galiga] to write his book this year and publish it for Me, for Me, for Me and My body who need to see, hear, and feel his pain, and his victory. Consecration, surrender—Mike is surrendered and consecrated and that is why I am Cyrus-ing him. Watch, see with great interest how he develops in Me—all Mine, all Mine, all Mine.

19. I love you. Proceed, write, and thank you for renewing your commitment to time with me Ted, even on weekends.

20. I shall not disappoint.

21. More love, more fruit, more places to collect their rejoicing of those freedomizing, those freed, freed, freed, to never in bondage go in again. Much rejoicing for My freedomized.

I love you.

22. Schools, schools, schools. Pursue the thoughts of this morning and utilize the networks in your hands for creation for Me—exponentiating them I am, I am—all who will participate.

23. Roll on, rejoice, rejoice. Many pens, many tablets, words and words of beauty, beauty, beauty and freedom maturing the seeker of Me who will serious be, risking, risking, risking entrepreneuriality of Me, with Me, WITH Me, with ME, and oh how great the rewards—consistent, and eternal.

24. I love you.
Much change.
You're on track.
But please accelerate.

25. Peace, peace, peace.
All is provided.
Peace, peace, peace.

26. Peace amid much change and confusion rampant in the unready.
Peace, peace, peace.

27. I give you My peace.
I give you Me.
I give you My scepter and sword.
I give you Me.
War forth, unafraid, in peace, secure, security-ized entirely

28. Peace, peace, peace.
Peace for Minnie [C].
Peace for Ronnie [Koh].
Peace for you and yours and Ted, Mine.

29. I love you.
30. Peace, peace, peace.
31. I leave with you peace.
32. I speak to you peace.

- 33. Activity robs.
- 34. Peace produces.
- 35. I give you peace.
- 36. I give you Me.
- 37. Thank you, thank you, thank you.
